SUMMARY

****Professional Summary****

Results-driven Java Developer with a strong foundation in Core Java, specializing in Object-Oriented Programming (OOP) principles and Collection Frameworks. Skilled in leveraging MySQL and JDBC to deliver efficient database connectivity and management solutions. Successfully developed and deployed a Student Management System utilizing Java and MySQL, integrating CRUD operations and modular backend architecture to enhance system functionality and scalability. Continuously honing problem-solving skills and expertise in Data Structures & Algorithms through regular practice on competitive coding platforms, including LeetCode and Coding Ninjas. Proficient in frontend technologies such as HTML, CSS, and JavaScript, with a commitment to advancing software development expertise through ongoing learning and professional growth.

PROJECTS

Student Management System (Java + JDBC)

Personal Project

Developed a console-based Student Management System using Core Java and MySQL to manage student records efficiently. Implemented CRUD operations and database connectivity using JDBC. Structured the project using DAO, Model, and Utility classes to improve code organization, scalability, and maintainability.

java mysql dbms OOP

StudentTrack - Student Management REST API

Personal Project

Developed StudentTrack, a full-stack Student Management Application using Spring Boot, MySQL, HTML, CSS, and JavaScript. Implemented RESTful APIs, CRUD operations, validation, exception handling, dashboard analytics, and database integration using Spring Data JPA. Built an interactive interface for managing student records with seamless frontend-backend communication.

This project marks my transition from Core Java and JDBC to modern Spring Boot development. I am continuously enhancing it by implementing new concepts as I learn, including JWT Authentication, Spring Security, Pagination, Search & Filtering, AWS Deployment, Docker, and Microservices.

EDUCATION

Diploma - Cloud Computing and Big Data

St.marys Group of Institutions Guntur | June 4th, 2024
CGPA: 93.47/10

B-Tech Computer Science and Engineering

Sri Venkateswara college of Engineering | May 2nd, 2026
CGPA: 9/10

SKILLS & LANGUAGES

Technical Skills

Core Java Object-Oriented Programming (OOP)

Collection Framework MySql Problem Solving JDBC HTML

CSS DBMS GitHub JavaScript

Languages

English Telugu Kannada

CERTIFICATIONS

Data Structures & Algorithms | Introduction to Java
